Jaunpur, Uttar Pradesh, India

EDUCATION

Babasaheb Bhimrao Ambedkar University (BBAU) <i>Bachelor of Computer Application (Hons.) in Computer Science</i> - Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, Database Management - Active member of coding clubs and tech communities, participating in hackathons and coding competitions	Lucknow, Uttar Pradesh Sep 2025 – Sep 2029
Maa Durga Ji Sr. Sec. School <i>Intermediate in Computer Science</i> Completed Advanced Computer Academy (ADCA) certification in Basic Computer Skills	Jaunpur, Uttar Pradesh Graduated 2025

TECHNICAL SKILLS

Programming Languages: C, JavaScript, HTML5, CSS3
Tools & Technologies: Git, VS Code, Tally ERP, Microsoft Office Suite (Word, Excel, PowerPoint)
Core Competencies: Data Structures, Algorithms, Object-Oriented Programming, Web Development
Soft Skills: Problem-solving, Fast Typing, Team Collaboration, Continuous Learning, Adaptability

PROJECTS

Personal Portfolio Website <i>HTML, CSS, JavaScript</i> - Designed and developed a responsive personal portfolio website to showcase projects and technical skills - Implemented modern UI/UX principles with clean design, smooth navigation, and cross-browser compatibility - Optimized website performance achieving 95+ Google Lighthouse scores for performance and accessibility	2024 – Present
Interactive Web Applications <i>JavaScript, HTML, CSS</i> - Built multiple interactive web applications including calculators, to-do lists, and form validation systems - Utilized vanilla JavaScript for DOM manipulation and event handling to create dynamic user experiences - Focused on writing clean, maintainable code following industry best practices and coding standards	2024
Algorithm Visualization Tool <i>C, Data Structures</i> - Developed command-line tool in C to visualize sorting algorithms (Bubble Sort, Quick Sort, Merge Sort) - Implemented efficient data structures and algorithms to demonstrate time complexity concepts - Created educational resource to help students understand algorithmic thinking and optimization techniques	2024

EXPERIENCE & ACHIEVEMENTS

Self-Directed Learning & Skill Development <i>Independent Study in Software Development</i> - Completed 100+ hours of coding practice through online platforms including LeetCode, HackerRank, and freeCodeCamp - Built strong foundation in computer science fundamentals through structured self-study and hands-on projects - Demonstrated consistent growth mindset by learning new technologies and frameworks independently - Maintained active GitHub profile showcasing personal projects and contributions to open-source initiatives	2023 – Present Remote
Academic Excellence <i>High School Computer Science Program</i> - Successfully completed Intermediate education with specialization in Computer Science - Achieved ADCA certification demonstrating proficiency in essential computer applications - Developed strong typing skills and proficiency in Microsoft Office Suite and Tally ERP software	2024 – 2025 Jaunpur, UP

ADDITIONAL INFORMATION

Interests: Open Source Contribution, Competitive Programming, Web Technologies, Cloud Computing
Languages: English (Professional Working Proficiency), Hindi (Native)
Availability: Open to internships, entry-level positions, and collaborative projects starting immediately
